

Statement of the bishops of the Czechoslovak Hussite Church on the situation in Ukraine

The bishops of the Czechoslovak Hussite Church condemn disturbance of the tranquillity and peace in a sovereign territory.

Every war brings immeasurable suffering and evil. As christians we do not want to be indifferent to evil. We call for prayers for peace, ceasefire and tranquillity and we express our support to the people in the areas of war conflict.

The Hussite Diakonia announces a collection for all people suffering in the territory of Ukraine.
